

## VIP PRESS INVITATION

**Dear Partner,**

It is our sincere pleasure to extend to you an invitation on behalf of Magna Body & Chassis Hungary Ltd., to the formal ceremony of launch of production of Magna's new manufacturing facility in Vecsés, which will take place on **November 7, 2025 (Friday)**.

Canadian-headquartered Magna is one of the world's largest and most innovative automotive suppliers and mobility technology companies, with a history spanning more than 65 years. Our comprehensive in-house system covers almost every area of car manufacturing – from design and engineering to production – enabling us to play a leading role in the continuously changing automotive environment. Our company employs 174,500 people worldwide with a presence in 30 countries, 351 manufacturing operations and 103 product development and distribution centres.

The celebration of the start of production in Vecsés marks a milestone in Magna's growth in Hungary and also serves to further strengthen its relationships with the largest German automotive suppliers.

### **Programme:**

**Date:** November 7, 2025 (Friday),
